

Bracelet Size Guide

This chart provides a basic guide to finding the right size for your bracelet. Our bracelet sizes are measured in inches.

Measuring your wrist

1. Use a tape measure, or if you do not have one, use a strip of paper, ribbon or cord. Wrap it around your wrist where you would normally wear the bracelet.
2. If you are using a strip of paper, ribbon or cord. Mark the end of the strip and then measure the length against a ruler. This is your wrist size.
3. Refer to the chart below for your wrist size and for the recommended bracelet size. Account for an 0.5" of extra room when choosing your bracelet size.
4. If we recommend choosing a custom bracelet size above, please reach out to a Wove designer at hello@wovemade.com or through the contact form on our website. Our team will create a custom bracelet according to your requirements.

WRIST MEASUREMENTS (in)	WRIST MEASUREMENTS (cm)	WOVE BRACELET SIZE
5 – 5.5"	12.7 – 14.0 cm	Custom
5.5 – 6"	14.0 – 15.2 cm	Custom (5") or 6.5"
6 – 6.5"	15.2 – 16.5 cm	6.5" or 7"
6.5 – 7"	16.5 – 17.8 cm	7" or 7.5"
7 – 7.5"	17.8 – 19.0 cm	7.5" or Custom (8")
7.5 – 8"	19.0 – 20.3 cm	Custom

Please note that this size chart is for reference only. If you are between two sizes, we suggest you opt for the larger size. Wove cannot be held liable for any errors that occur as a result of using this chart.
